

Dandelion

Water Effect:

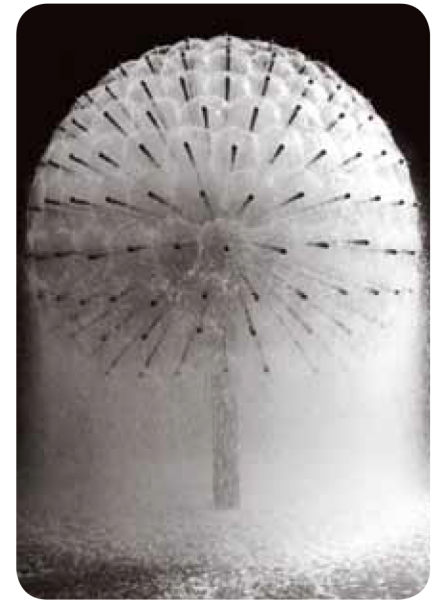

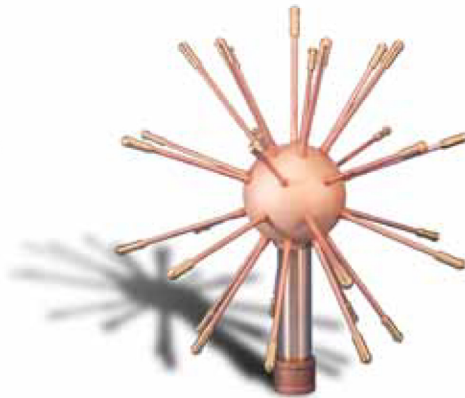

Creates a sphere of flat circles of water.

Performance Characteristics:

The Dandelion has very small orifices and is subject to wind. 100% filtration is recommended to minimize maintenance.

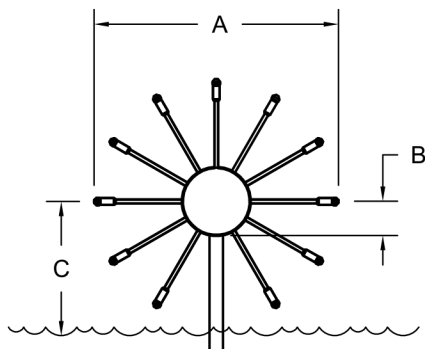

- Water Level Dependent - No
- Wind Resistance - Poor
- Sound Level - Moderate
- Clogging Potential - High
- Splash Radius - 2.0

Material: Machined brass, cast bronze, and copper
Finish: Natural brass, bronze, and copper

Detail:

Model Number	Number of Arms	Ball Diameter In. (mm)	Pool Diameter Ft (m)	GPM (LPM)	Head Ft. (Bar)
N-300	29	10 (254)	15 (4.6)	75 (284)	15 (.448)
N-301	29	10 (254)	18 (5.5)	75 (284)	16 (.478)
