

R-84()

Anti-Vortex/Diverter Plate and Sump

Product Description:

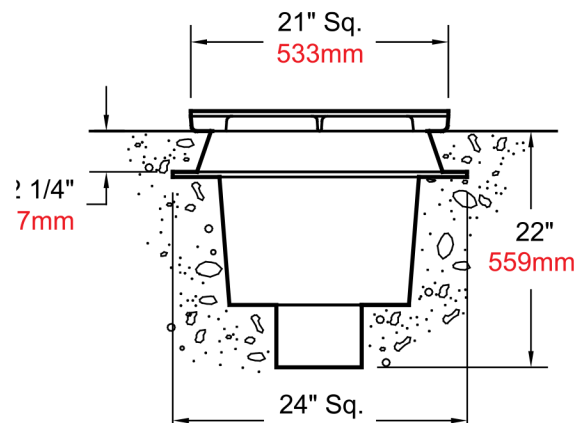

Cast bronze plate with natural finish. Heavy-duty FRP sump with integral waterstop. Standard inlet is PVC pipe. Add suffix -FL for flanged connection including neoprene flange gasket and stainless steel fasteners. Maximum flow rates are based on 16"/41cm water depth. A 6" shallow sump is available. Add suffix -S to catalog number. Contact design@fountainpeople.com for flow data for your application.

Data:

Model Number	Inlet (PVC Pipe)	Suction GPM	Discharge GPM	Suction LPM	Discharge LPM
